Code	Product	Features	Price
2065	<div>Smart Curtain 3.2M</div> 	<p>Multiple control methods including: remote, wall switch, smart phone, Amazon Alexa, Echo, Google Home, and other home automation systems. Set timers for opening and closing via smart phone app.</p> <p>Durable, heavy duty, quiet smart curtain rod. Easy assembly, DIY length by customization(Max.leight:3M. Included: 1000cm rails*2pcs+50cm rail*1pcs+20cm rail*2pcs+10cm rail*1pcs).</p> <p>Three installation choices: central, left, and right opening.</p> <p>Smart motor can remember curtain position and distance settings.</p> <p>Light touch trigger: manually pulling the curtain can trigger the motor to operate automatically.</p> <p>Manual operation available when power is off.</p> <p>Universal Wild Voltage Compatible: 100-230V 50/60Hz 40w (CN standard plug)</p>	9,000
3011	<div>Smart Curtain 5.2M</div> 	<p>Multiple control methods including: remote, wall switch, smart phone, Amazon Alexa, Echo, Google Home, and other home automation systems. Set timers for opening and closing via smart phone app.</p> <p>Durable, heavy duty, quiet smart curtain rod. Easy assembly, DIY length by customization(Max.leight:5M. Included: 1000cm rails*4pcs+50cm rail*1pcs+20cm rail*2pcs+10cm rail*1pcs).</p> <p>Three installation choices: central, left, and right opening.</p> <p>Smart motor can remember curtain position and distance settings.</p> <p>Light touch trigger: manually pulling the curtain can trigger the motor to operate automatically.</p> <p>Manual operation available when power is off.</p> <p>Universal Wild Voltage Compatible: 100-230V 50/60Hz 40w (CN standard plug)</p>	10,000
2011	<div>Smart Curtain 8.2M</div> 	<p>Multiple control methods including: remote, wall switch, smart phone, Amazon Alexa, Echo, Google Home, and other home automation systems. Set timers for opening and closing via smart phone app.</p> <p>Durable, heavy duty, quiet smart curtain rod. Easy assembly, DIY length by customization(Max.leight:8M. Included: 1000cm rails*7pcs+50cm rail*1pcs+20cm rail*2pcs+10cm rail*1pcs).</p> <p>Three installation choices: central, left, and right opening.</p> <p>Smart motor can remember curtain position and distance settings.</p> <p>Light touch trigger: manually pulling the curtain can trigger the motor to operate automatically.</p> <p>Manual operation available when power is off.</p> <p>Universal Wild Voltage Compatible: 100-230V 50/60Hz 40w (CN standard plug)</p>	
3008	<div>Electric Valve</div> 	<p>voice control, suitable for Amazon Alexa and Google Home.</p> <p>Wireless water shutdown controller for standard home automation systems.</p> <p>Prevents water damage (adds water leak sensors).</p> <p>Water shutdown and smartphone notification when a leak is detected.</p> <p>Easy installation, no plumbing required.</p> <p>Compatible with the mobile phone application remote control on / off and synchronization.</p> <p>Compatible with water tube ball valves, electrical switches, manual control, and natural gas / liquid / tap, etc.</p>	3000
3009	<div>Gas Detector Sensor</div> 	<p>Works with eWeLink Smart Valve Controller</p> <p>MCU Embedded, intellective detection</p> <p>Audio Alert + LED Indicator</p> <p>Input: AC110~240V, 50/60Hz</p> <p>Output: DC 5V, 1A</p> <p>Detect Gas: Natural Gas, Coalgas, CH4, Biogas...</p> <p>Alert Volume: 80db</p> <p>Frequency: 433Mhz</p>	1,000
3010	<div>Wireless flooding Sensor</div> 	<p>433MHz sensor that detects water flooding and sends an RF signal to the automatic WiFi Valve Closer ATTENTION - Communicates only with WiFi eWeLink Valve Closer. It does not communicate with the Sonoff RF Bridge, etc. If the metal contacts of the sensor are flooded with water, they will be electrically connected and the base of the sensor will send a unique RF code. This code captures WiFi Valve Closeer and closes. The user must reopen the valve himself, either manually or remotely via the eWeLink application.</p>	900

Code	Product	Features	Price
2010	<div>Circuit Breaker 32A-1P</div> <div></div>	<p>Specifications for : 1P Smart WiFi Circuit Breaker WIFI Wireless Remote Control IoT Smart Switch APP Remote Control Support ALEXAs Googles home</p> <p>Product Specifics: Rated voltage: AC230V (1P) Rated Frequency: 50Hz Number Of Poles: 1P Pollution Level: level 2 Protection Level: IP20 Rated Current: 32A</p>	3,000
2020	<div>Circuit Breaker 63A-1P</div> <div></div>	<p>Specifications for : 1P Smart WiFi Circuit Breaker WIFI Wireless Remote Control IoT Smart Switch APP Remote Control Support ALEXAs Googles home</p> <p>Product Specifics: Rated voltage: AC230V (1P) Rated Frequency: 50Hz Number Of Poles: 1P Pollution Level: level 2 Protection Level: IP20 Rated Current: 63A</p>	3,200
2030	<div>Circuit Breaker 80A-1P</div> <div></div>	<p>Specifications for : 1P Smart WiFi Circuit Breaker WIFI Wireless Remote Control IoT Smart Switch APP Remote Control Support ALEXAs Googles home</p> <p>Product Specifics: Rated voltage: AC230V (1P) Rated Frequency: 50Hz Number Of Poles: 1P Pollution Level: level 2 Protection Level: IP20 Rated Current: 80A</p>	3,400
2040	<div>Circuit Breaker 100A-1P (PM)</div> <div></div>	<p>This product only support above input, down output. Please don't reverse, otherwise the handle can't push up. Some customers have a distribution box at home, the input line is below, and the output is above. This situation needs to turn our circuit breaker upside down.</p> <p>1.Overload and short circuit protection, 2.Over voltage and under voltage protection, 3.Over current and under current protection</p>	5,200
2050	<div>Circuit Breaker 100A-2P (PM)</div> <div></div>	<p>This product only support above input, down output. Please don't reverse, otherwise the handle can't push up. Some customers have a distribution box at home, the input line is below, and the output is above. This situation needs to turn our circuit breaker upside down.</p> <p>1.Overload and short circuit protection, 2.Over voltage and under voltage protection, 3.Over current and under current protection</p>	5,400
3005	<div>LED Strip RGB 5M</div> <div></div>	<p>RGB LED STRIP 5050 Price per 60 LED/ Meter Superbright 5050/3528 SMD blue LED, high intensity and reliability flexible LED strip 60/120 SMD LEDs per meter, total 300 LEDs for 5 meters Self-adhesive back with double side adhesive tape, easy installation Every 3-LED cutable without damaging the rest strip Flexible ribbon for curving around bends Ultra-bright but running at low temperature Input volts: DC12V Viewing Angle : 120</p>	700
