NEW 1131	R5 Scene Controller (White)	【Scene Control】All SONOFF devices can be controlled by setting the smart scenes when the internet connection is available. 【"eWeLink-Remote" Control】Control the device which has the eWeLink-Remote gateway feature even offline, 90M remote control without Network. 【Multi Trigger Ways】Trigger the smart scene by clicking, double click, or long-press. Up to 18 trigger actions to set different scenes. 【Two-way or Multi-way Control】Simple way to achieve two-way or multi-way control by eWeLink-Remote with M5 smart wall switch.	750
1089	R5 Scene Controller (Dim Grey)	【Scene Control】All SONOFF devices can be controlled by setting the smart scenes when the internet connection is available. 【"eWeLink-Remote" Control】Control the device which has the eWeLink-Remote gateway feature even offline, 90M remote control without Network. 【Multi Trigger Ways】Trigger the smart scene by clicking, double click, or long-press. Up to 18 trigger actions to set different scenes. 【Two-way or Multi-way Control】Simple way to achieve two-way or multi-way control by eWeLink-Remote with M5 smart wall switch.	750
1075	RM433R2 Remote Controller — 433 MHz	【Remote Control】Control the connected devices remotely when there is no Wi-Fi connection, no need to find your phone anymore. 【Powerful Compatibility】Suitable for devices supporting RF433MHz communication protocol. 【Easy To Pair & One-Key Pairing】D1 Wi-Fi smart dimmer and iFan04 Wi-Fi Fan & Light Controller can be one-key paired by RM433R2, pair and control the devices with 8 buttons in a minute. 【Smooth Touch & Easy Installation】Sleek and modern design and fast installation with 3M adhesive tape or screws. 【User-Definable】8 buttons can match 8 devices or more as you defined, only one RM433R2 can meet all your needs.	550
1084	T2EU1C-RF Remote — 433 MHz	【Unique Apperance】Toughened glass panel and sensitive touch button. Brightness-adjustable LED backlight. 【1-Gang Design And Easy Installation】Three options for you to choose, stick on to use, no wiring required. 【433MHz Remote Controller】Suitable for RF433MHz devices. Match to use, support one for multiple devices and multiple for one. 【Two-Way Control】Provide one more option on the control of the lights. 【Note】Powered by the battery (Batteries are not included).	300
1085	T2EU2C-RF Remote — 433 MHz	【Unique Apperance】Toughened glass panel and sensitive touch button. Brightness-adjustable LED backlight. 【2-Gang Design And Easy Installation】Three options for you to choose, stick on to use, no wiring required. 【433MHz Remote Controller】Suitable for RF433MHz devices. Match to use, support one for multiple devices and multiple for one. 【Two-Way Control】Provide one more option on the control of the lights. 【Note】Powered by the battery (Batteries are not included).	450
1086	T2EU3C-RF Remote — 433 MHz	【Unique Apperance】Toughened glass panel and sensitive touch button. Brightness-adjustable LED backlight. 【3-Gang Design And Easy Installation】Three options for you to choose, stick on to use, no wiring required. 【433MHz Remote Controller】Suitable for RF433MHz devices. Match to use, support one for multiple devices and multiple for one. 【Two-Way Control】Provide one more option on the control of the lights. 【Note】Powered by the battery (Batteries are not included).	550

1049	Si7021 Temperature & Humidity Sensor	Sonoff Si7021 Temperature and Humidity Sensor is a digital temperature and humidity sensor with a calibrated digital signal output. It adopts dedicated digital module acquisition technology and temperature&humidity sensing technology to ensure that the sensor has a very high reliability and excellent long-term stability. The sensor includes an integrated single-chip temperature and humidity sensor chip, which connects to a high-performance 8-bit MCU. The Si7021 sensor has advantages such as excellent quality, ultra-fast response, anti-interference ability and cost-effective. The sensor has 2.5mm 4-pole stereo audio male plug connector	150
1050	Waterproof DS18B20 Temperature Sensor	DS18B20 Temperature Sensor/Thermometer. The probe uses original DS18B20 temperature sensor chip. It is waterproof, moisture-proof and anti-rust with the high-quality stainless steel tube encapsulated. No other components, unique single bus interface. The probe adopts DS18B20 temperature sensor chip. Its probe is made of stainless steel which is waterproof, moisture-proof and anti-rust. Stainless steel housing of 6 * 50mm and Lead length of 100cm. Please note that the temperature probe requires no external components and has single bus interface. High quality stainless steel tube encapsulation waterproof moisture-proof prevent rust.	150
1081	MS01- Smart Soil Moisture Sensor	【Monitor Soil Moisture】 Works with to monitor your plants' soil moisture. 【DIY A Smart Watering Device】 DIY your sprinkler to water automatically according to the setting moisture value. 【IP55 Waterproof 】IP55 waterproof assure you water flowers freely without taking the sensor out. 【Voice Control 】Ask your Google Assistant for humidity conveniently.	450
1169	RL560 5M Sensor Extension Cable for RJ9	【Work with SONOFF Sensor of RJ9】 Suitable for SONOFF RJ9 sensor, like THS01 Temp & Humi Sensor, WTS01 waterproof Temp sensor, and MS01 Soil Moisture Sensor. 【Extend Distance】 THS01, WTS01 can be extended to 60M, and MS01 Soil Moisture Sensor can be extended to 10M. 【RJ9 Connector】 The cable connector is RJ9, supporting hot-plugging making the connection more stable and reliable.	200
1164	Solar Panel	Sonoff Solar Panel for charging the SONOFF Zigbee Smart Curtain Motor The curtain motor can operate for up to 3 days with just one day's charge from the solar panel. Specifications • Model: Sonoff Solar Panel • Output interface type: Type-C • Transformation efficiency: 20% • Working Temperature: -10C - 60C • Solar Panel Type: Monocrystalline silicon • Output: 6V 400mA • Max Power: 2.4W • Color: White • Product Size: 162.5x114x11mm • Shell Material: PC	1,000
1163	ZB Curtain Remote Controller	SONOFF Zigbee Curtain Motor Remote Controller Battery Model: CR2023 Frecquency Band: 2.4GHz Product Size: 110x20x10mm(L*W*H)	550
